

Proposed Resolution based on the RPCC Policy Committee statement issued January 19, 2021, and supported by leaders of the Strongsville GOP, Parma Republicans, and WestShore Republicans:

**Resolution against the Vote of Congressman Anthony Gonzalez to
Impeach President Donald J. Trump**

WHEREAS, the impeachment process conducted by Speaker Nancy Pelosi and her team was unfairly expedited—with no hearings or presentation of evidence; and

WHEREAS, an impeachment trial held after President Trump's term has concluded serves no purpose other than to further divide this country; and

WHEREAS, now is the time for Republicans to come together as a party and support the rule of law;

THEREFORE, the Republican Party of Cuyahoga County denounces Congressman Anthony Gonzalez for voting to support the politically motivated and divisive impeachment proceeding.
